Personal statement

Just finished Queen Mary University London Studying Computer Science. I have proven ability to work in a team during university. Speaking and written communication good. My friends would describe me as approachable and a good listener.

Core skills

- Paying Attention
- Out Going Personality
- Eye for Detail
- Enjoy Working

Work-Experience

Youth Worker – The usual environment I worked in was made to entertain the young people with a pool table, TV etc to promote socializing. Helped set up shop working together with my team mates, clean up after the young people, communicated with the young people and try to help them resolve issues they had.

Charity Shop – Worked in a charity shop sorting clothes and tagging them.

Education

Uxbridge College (2013 – 2015): A Level: Information Technology (B) Maths (C) Business (C)

Queen Mary (2015 – 2018): Computer Science.
